## **PCSO REPORT**

### **KEEPING YOU SAFE**

This month I will pass on some tips regarding Telephone Fraud.

Fraudsters try to trick people out of their money by telephoning them pretending to be from a well-known company or service.

They often seem very genuine and trustworthy. Before they contact you they already know your name, your date of birth, your address and a whole host of personal information they can reel off as a way to show their sincerity.

They use well-rehearsed stories, designed to gain trust, for example pretending to be from a phone or computer service provider and claiming that there is a problem with your system that they need to fix.

Just remember:

Be aware. Always verify the legitimacy of a caller by contacting the company they are claiming to be from using the contact number published on utility bills or official correspondence

Don't be afraid to just hang up

NEVER give personal information, such as your date of birth or bank details to anyone.

This includes typing your PIN into the handset If you are asked to make payment over the phone for something always confirm the caller's identity first

NEVER allow an unexpected caller to talk you through processes on your computer, like downloading new software or accessing your online bank account.

You should report the scam to Action Fraud - the national fraud reporting centre.

They might get the National Fraud Intelligence Bureau to investigate the scam further.

You'll usually get a police crime reference number.

It's easiest to report scams online - either: report it as a crime on Action Fraud's website [www.actionfraud.police.uk](http://www.actionfraud.police.uk)

If you've lost money report it as a phishing attempt on Action Fraud's website [www.actionfraud.police.uk](http://www.actionfraud.police.uk)

If someone has tried to scam you it's best to fill in the form on a computer, not a mobile or tablet. It takes about 20 minutes to fill in.

You can also report the scam by phone.

**A Day in The Life of a Police Community Support Officer** For those of you who have not had the pleasure of meeting me yet let me start by introducing myself, my name is Adrian Butterworth and I am the PCSO for Minster vil age.

My career prior to joining Kent Police was made up of 10 years in the Royal Artillery which I joined straight from school and 15 years as a service engineer for a well-known local amusement manufacturer with a couple of small jobs in between.

These jobs brought me up to May 2007 where I took the opportunity to join Kent Police as a Police Community Support Officer. I was initially responsible for Garlinge Ward in Margate and soon after also the Westbrook and Salmestone Wards. I remained with them for about 10 years before moving to Minster in October 2017.

Well that's enough about me let me tell you about what could and sometimes does happen in a typical day whilst I am on duty.

I work a shift system that could mean I start at 08:00 til 18:00 or 13:00 til 23:00

which includes weekends. As you can imagine there are different scenarios that can play out during day/night and weekend shifts.

My day starts when I arrive at Margate Police Station usually about half hour early to make sure I have all my equipment namely my radio, body worn video, and my stab vest.

And to make sure I get a cup of tea to start the day off on a good note.

Once in the office I switch on my radio which automatically books me on to the resource system and lets the control room know that from then I am available to be deployed if needed. I locate a computer terminal in the office that is free and log onto the system to check on any emails that have come in since my last tour of duty and try to respond to them as soon as possible. There are also other systems that I have to check including a briefing system that lets me know of any trending crimes or incidents. As well as any intelligence that has come in regarding locations of interest and wanted offenders along with information that may constitute officer safety issues that I need to be aware of. I then check the data base for missing persons to see if any are missing from my beat area or if they have any links to my beat area. There are other systems that need reviewing and updating with any actions that I need to take or have already taken.

I then get around to checking our calls data base this lets me know of all calls that have been received from my area along with who attended it and how it was resolved. In some cases, it will be my responsibility to attend the call and update the system with my actions. There will also be jobs on the system that have been tasked for me to attend or my Sergeant will task me to attend incidents. When all this is done, I am then just about ready to leave the station and make my way to Minster.

I don on all my equipment and walk to Margate train station and catch the train to Minster. Once I exit the station at Minster, make my way either to the Recreation Ground to collect my Police pushbike or walk up to the Parish Council Office to touch base with the Parish Clerk's to find out if there have been any reports to them that require my attention. After this I am then primed with a list of people and places to visit to endeavour to resolve whatever issue has been reported.

4

At the time I will have my radio and phone on should I be required to divert to any incidents that may occur whilst in the village. These calls can be either quick easily sorted issues to long protracted incidents that may require numerous follow up visits along with other agencies such as social services or housing officers.

Whilst I am on my area, I have a habit of wearing my high visibility jacket this makes me stand out in a crowd and allows everyone to recognise me. I am always very approachable and will listen to anybody's concerns or issues no matter how trivial it may seem to them. I will pop into as many shops as I can to say hello and ask if that everything is ok and if time allows grab another cup of tea.

I have to manage my time in a way that I get my tasks done as well as finding time to speak to as many members of the community that I can. I will walk/cycle from the top of Tothil Street to the bottom of Marsh Farm Road conversing with just about anybody who is out and about. When you see me around feel free to say hello, I am always there to help and give advice on any topic. If I don't know the answer to your issue, I am sure that there is someone I can contact who can help.

When I get some free time, I try to attend meetings or groups that are running to offer reassurance and advice. I will pop along to the school at closing time and chat to parents and show a visible presence in the area. I am always on the lookout for suspicious activity and things that don't look right to feed back in the form of an intelligence report for circulation to other officers and departments to be aware of and take action if required.

Towards the end of my day I put my bike away and make my way back to Margate police station. Once there I am back on the computer to submit any reports of intelligence gathered and to update any other reports that I have attended.

As you can see there is more to my day than just walking around. It is a job that I enjoy doing and find it both rewarding and demanding in equal quantities. I have been in this role for some years and still coming across new challenges and incidents that require a lot of research and leg work but it is always satisfying when you achieve a positive result. My job would not be as enjoyable without the support I get from my colleagues and most of all the community I serve.

I hold a surgery in the local library on the first Thursday of every month which I attend unless I have operational commitments. I am present at all Parish Council meetings and if I am not able to attend, I will submit an update

to be read at the meeting.

I am proud to be your PCSO and hope to remain as such for as long as possible.

## **MINSTER SHOW - SHOW TENT ENTRIES**

There have been many changes this year to the various classes listed in the schedule.

The main changes however are that we have dropped some classes in the Parade, plus both the Garden and Wine sections have now gone, however to compensate, we've added some new classes across other sections.

The vegetable section has undergone some dramatic changes with much less emphasis on formality and more on the fun side of growing; eg heaviest onion, biggest marrow etc etc.

In an effort to try to encourage more entries we are also offering a £100 prize which will be allocated on the draw of a ticket. To acquire a ticket(s) you just need to enter a qualifying class in the show tent, the more classes you enter the more tickets you'll be given and therefore the more chances you'll have of winning.

The youngsters too haven't been forgotten, although we have dropped 'Grow for the Show' we've added a new co-operative class for them to enter, whilst also changing some of the age ranges for their other classes.

We are offering a £25 prize to the youngsters for an entry into any of these classes (does not include the Schedule colouring competition) so the more classes they enter the more tickets they'll receive and the more chances they'll have of winning.

Remember also, that each child who enters something into a qualifying section is entitled to 'Free' entry to The Show in the afternoon.

So, keep a look out for the Schedule which will be available to purchase in

local businesses from Saturday 4 May.

We wish you all the best of luck and look forward to seeing both you and your entries at 'The Show' on Saturday 20 July.

## **MINSTER PLAYHOUSE PROMPT CORNER**

This Year's May Play

Our novel thriller, *The Final Twist*, by Ken Whitmore and Alfred Bradley, is now in rehearsal, and going very well. This lively and light-hearted play is complex to perform which makes great demands on the actors but is also great fun.

Set in the late nineties, *The Final Twist* is a classic thriller packed with intrigue, humour and an ingenious plot.

Charlie Nicholson has writer's block, and is being chased by an "enforcer" of the casino he owes a lot of money to. Merlin Foster, an acclaimed actor with many marriages behind him, has specific needs. He employs Charlie to write a script for him which must contain the perfect method and alibi for the

murder of his wife, and to be theatrically convincing. Merlin's young wife, Eden, is to remain in the dark so that he can surprise her with the play. Merlin's extreme approach to rehearsal worries Charlie, but he has to remain silent. When is a play not a play? When is a doorbell not a doorbell? And is that really a head in the bag? Al is finally revealed in the murderous and surprising tale for the mystery lover.

The play has a succession of twists and turns right up to the final curtain. It will be staged from Wednesday 15th to Saturday 18th May at 7.30 p.m. at the Vil age Hall. You can leave requests for advance bookings on the box office number which is 07501 894 381, and advance bookings are going well.

## **MOBILITY SCOOTERS AND WHEELCHAIRS**

Mobility scooters, wheelchairs, rollators, commode chairs and a few smaller disability aids are available for loan from Minster Matters to vil agers and members of their families.

We will also consider requests from residents in our neighbouring vil ages. We make no set charge for any of these but we're open to receiving voluntary donations to help keep the equipment maintained.

Thank you to everyone who has helped in some way to make this a success, if you or someone you know needs to borrow any of these please do get in touch.

We are very pleased to report that we have recently been offered some additional storage space for which we are very grateful, and we hope to be able to move some of our equipment into it in the not too distant future.

Finally, we are in the market for donations of 'self-propelled' wheelchairs (those with large rear wheels), as we're often asked for these but we only have one which is, at present, out on long term loan. (Stop Press: we have just been offered one of these -

thank you to Katy for this)

Please ring/text Ray on 07864 345 019, 07914 623 287 or email

rayowen@gmail.com if you would like to borrow any of these, or if you have anything you'd like to donate to us. Thank you.

**MINSTER PARISH COUNCIL MEETING March Summary** The meeting began with a written report from Community Warden Aaron Kluibenschadl explaining how his role within the Community Safety Partnership has evolved to include work on behalf of Social Services, Trading Standards, community project work and emergency incident liaison. The Social Services aspect of his role includes assessing mental health issues, self-neglect referrals and safeguarding for vulnerable adults and children. This is in addition to his existing work within schools, neighbourhoods and general KCC matters.

PCSO Adrian Butterworth reported that there had been 34 calls to Kent Police from the Minster area in the last month including a burglary at stables in Way Hil and theft from motor vehicles in Monkton Road when two suspects were arrested. There were also reports of off road bikes, fly tipping, parking problems and traffic chaos caused by road closures.

County Councilor Emma Dawson updated the meeting on recent projects she had been involved in, including first aid and defibrillator training in junior schools.

District Councillor Crow-Brown had recently been at the TDC budget meeting and it seems that they must find a further £1.8m in savings in response to government cuts but will commit £3m to maintain TDC buildings and £2m to Parkway Station.

District Councillor Grove said that recent planning meetings had approved 900 houses at Haine Road (aka Westwood Village) and a seafront hotel in Margate. He is also arranging for the etching of identification details on newly purchased parish council equipment following the burglary and theft of tools stolen in the New Year.

District Councillor Pugh sent a written update stating that he welcomed the hotel plans for Margate but was disappointed in the Westwood Village

development in respect of the lack of supporting infrastructure.

Ashley Jackson, Housing Strategy Officer from the Housing Strategy and Projects Team addressed the meeting on a Community Led Housing project. Documents are available at the parish office and library.

The Chairman reminded everyone of the forthcoming elections and encouraged residents to consider whether they may like to become parish council ors. Applications must be submitted by 3rd April.

The Inspection of the Draft Local Plan will commence on 2nd April and continue through to the end of May; Minster Parish Council will be present at four of the hearings to represent the views of residents.

Council ors agreed to support the request for yellow lines to restrict parking at the junction of Hil House Drive and Tothil Street.

Council ors agreed to offer no objections to the application to build a Costa Coffee in Laundry Road, Minster subject to the provision of updated traffic information.

Questions from members of the public included affordable housing at the new development in St, Nicholas and the purpose of the fenced off land next to the Co-op garage.

The subject of PCSO's being given the power to deal with parking offences was raised but this would need legislative changes; it was suggested that we should consult with other parishes and suggest an enforcement officer should be allocated by TDC to the villages. The Chairman agreed to pursue this suggestion.

Everyone was reminded of the forthcoming Great British Spring Clean being coordinated by Katy Andrews in this area. Volunteers can contact her via 'Nextdoor'
